Hey Tommy,

That's definitely my putter and it looks great. Thanks for sending the pictures. Mitch

Mitch,

Thank you so much for taking time to look at the attached pictures. I have the opportunity to purchase the putter with Certificate of Authenticity #A017706 and I would like for you to take a look at the pictures to see if you think it is one of the putters that Scotty made for you. It has the M. A. initials stamped on the face and it looks very similar to A015246 which actually states your name in the description.

COA #A017706 The description of this putter reads as follows:

"1992 Scott Cameron handmade putter in a black oxide finish with a circle sight dot, 'M.A.' initials, 'MIZUNO' and a SCM crown."

COA #A015246 The description of this putter reads as follows:

"Made for Mitch Adcock Scott Cameron handmade putter in a black oxide finish with a swan neck, a SCM crown, a circle sight dot, 'M.A.' initials and chatter marks."

If you can confirm that A017706 was indeed one of the putters that Scotty made for you, I am going to try to send it back in and get them to re-authenticate it and add your name to the description. Also, it will be just that much more of an honor to own the putter for nostalgic reasons knowing that it was made for you.

Thank you again,  
Tommy Parker
